Nurture Excellence with Purelab

Where Employee Health Fuels Business Success

Key Health Screenings

For Your Workplace Wellness

At the heart of a prosperous organization lies the well-being of its workforce. With Purelab, we extend beyond the fundamentals of employee care. Our comprehensive occupational health testing, backed by prestigious accreditations from:

is the beacon of our commitment to your enterprise's enduring health and vitality.

Purelab's Chain of Custody: Assurance of Integrity

Through careful documentation, Purelab guarantees the secure handling, tracking, and storage of samples from collection to analysis. as well as adhere to rigorous quality control procedures to safeguard the integrity of data.

✦ Be more than an employer. Be a champion of wellness, shaping a resilient and dynamic workforce that is the true cornerstone of your business's triumph.

Employee Wellness

Fostering Employee Health & Wellness: A Blueprint for Productivity

Our initiatives at Purelab, in alignment with the UAE government's vision, are designed to promote holistic well-being through comprehensive health programs that encompass disease risk screening tests and cutting-edge genetic testing, reflecting our commitment to the overall health of the community.¹

Purelab, as an integral part of Pure Health, leverages our technological expertise and clinical knowledge to nurture a healthier, more productive workforce in the UAE.

Proactive Employee Health Screening at Purelab

Targeted Cardiovascular Health Tests

Heart health is paramount to workplace wellness. Purelab offers a comprehensive cholesterol screening as part of our Lipid Panel, including **LDL, HDL, total cholesterol, and triglycerides**. We also provide **C-reactive protein** tests to preemptively assess heart disease risks.^{2,3}

02

Identifying Asthma and Allergic Triggers

Our testing goes beyond diagnosing asthma by identifying potential triggers. We conduct blood tests for antibodies against substances like animal dander, chemicals, and more. Additionally, our in vitro assays for specific IgE antibodies ensure thorough allergen detection.^{4,5}

Comprehensive Insight into Organizational Health

Other Purelab's health tests include:

Complete Blood Counts: Screening for blood disorders such as leukemia, anemia, and clotting issues.

Biochemistry Panel: Evaluating glucose levels, electrolytes, and liver and renal functions.

Urinalysis: Detecting kidney and metabolic issues.

Through these tests, we provide a holistic view of your organization's health, contributing to a healthier, more efficient workforce.
